Description

MT018001 - Montech GT12 Body - MLGT3

Montech GT12 Body - MLGT3

Montech Racing has introduced the new MLGT3 body shell for 1/12th scale GT12 pan cars. The body is made of high-quality polycarbonate and due to a new moulding process it is very lightweight yet durable. The kit includes wing, window masks and rear wing mounting hardware and it is usable with almost every GT12 chassis.
